Council Calls For Vote On Meters In Election

Annual Convention

TFB's West To Speak

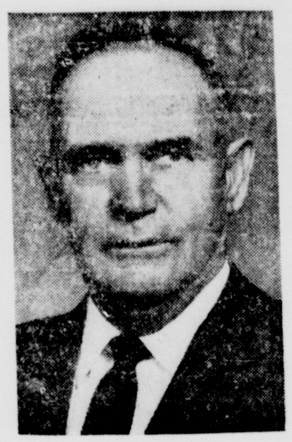
J. H. West, president of the Texas Farm Bureau, will be the main speaker Thursday, February 15 at the annual MFB Convention at First Methodist Fellowship Hall.

West will address the Milam farmers group on "Some Issues We Must Face."

His address will highlight a program that includes entertainment by county high school students, a barbecued chicken dinner and presentation of the winner of MFB Swine Program.

West was elected president of the Texas Farm Bureau in 1957 and a member of the American Farm Bureau Federation in 1961.

A native of Bishop, West is leader in cotton circles. He serves on the board of directors of the National Cotton Council and its world affiliate, Cotton Council International. And also noted as an expert in the small grain industry, he is a member of the board of trustees of the Port of Corpus Christi Terminal Elevator.



J. H. West

His principal crops are grain sorghum and cotton on his Bishop farm. He started as a share cropper in 1924, buying his own over 20 years ago.

Before becoming president, he served as secretary - treasurer and vice - president in earlier years.

All youngsters 8 to 16 whose families are MFB members are eligible for the Swine Program. Winners of four pigs will be announced February 15. Officials report that registration must be at the MFB Cameron office by February 15.

MFB President V. L. Angell has invited all MFB members and the general public to hear West in his Cameron speech.

Program committeemen are: John A. Smith, chairman, Mr. and Mrs. W. A. Conn, Mr. and Mrs. A. T. Swanzy and Mrs. Bernice Charles.

Swine committeemen are: Henry Richter, chairman, Robert Jungmann and Henry W. Abel.

Members attending the supper are asked to bring a vegetable, salad or desert. All other foods and items will be furnished.

Work Continues

Construction continued on the 10 - acre building site at the J. K. Stuart dairy, northwest of Cameron.

Steel girders were in place at mid - week and outside metal side paneling was due to be erected on the 7200 - square - foot milking parlor.

G. F. Dunston, manager of the new dairy - breeding stock farm, said that construction was about 15 per cent complete on the large steel and concrete milking building.

Other major structures to be built will include calf barns and other structures ranging in size from about 650 square feet to more than 2,000 square feet in size.

Contractors were pouring concrete walls and floorwork in the main building while the steel structure was going up. When complete the building will allow the Stuart operation to milk 100 cows at a time.

Other workmen are installing a maze of plumbing apparatus and are clearing a 30 - acre site of small brush and scrub oak.

Workmen for Texas Power & Light installed a temporary power line until the main line was installed.

City Councilmen Tuesday night learned that the Dairy operation had decided to install their own water system. They had earlier contacted the city about laying waterlines and using city water.

Dunston told Rotarians Wednesday that the land and friendly people of this area were key factors in locating in the Cameron area.

He said that he hoped to start milking in about 30 days, that was the time anticipated to complete construction on the main milk building.

Dunston said other improvements will continue after the first 100 cows are brought in from Florida. The cows are registered Jerseys.

Fences will be built around the acreage and some feed crops will be grown to mix with feed concentrates.

FHA PROMOTES W. H. GASTON TO STATE POST

William H. Gaston, former Farmers Home Administration supervisor in Cameron, has been named operating loan officer on the Texas FHA director's staff.

This announcement was made this week by L. J. Cappleman, state director of the FHA, Temple. The Texas FHA offices were recently opened in Temple.

With FHA since 1956, Gaston came to Cameron as supervisor of FHA operations in Milam and Burleson Counties in March, 1960. He came to Cameron from Nacogdoches where he served as county supervisor for about one year.

Cappleman said Gaston's promotion was based on wide knowledge of different types of farming and leadership ability in inspiring farmers to help themselves.

During his service in the Cameron office, the average milk production per cow in Milam County increased from a 1959 average of 6,700 pounds per year to a 1961 average of 11,870 pounds per year.

Cappleman cited Gaston's efforts in promoting the fertilizing cotton. Farmers borrowing from FHA were fertilizing 1,000 acres, compared to 400 acres in 1959. Land soil tested and placed under the Blacklands Cotton Production Plan was estimated to go to 3,500 acres in a few weeks, the state director said.

A graduate of Texas A & M in 1948, Gaston farmed for eight years teaching vocational agriculture at nights for five years. He went to work for FHA in 1956 as an emergency supervisor in Ellis County, assisting the supervisor in his native home of Waxahachie.

Prior to attending Texas A & M, Gaston attended Baylor University until he enlisted in the Army Air Corps where he later became a B-25 pilot.

The Gastons are presently living in Cameron.

City Discusses New Motel Plans

The City Council Tuesday called for a public vote on parking meters for the April 3 city election and heard requests for paving around a new motel site.

A petition bearing 47 signatures was reviewed by City Councilmen who then voted to call for an election on whether or not to keep meters in Cameron.

The vote would be held along with the annual election of city officials up for election: the mayor and three council posts.

Councilmen also voted to cut grade and pave with a double-coat penetration North Crockett and give eight feet of city property on West Fifth St. to Reuben Johnson & Co. when construction begins on a new motel at West Fourth and North Travis Streets.

Reuben Johnson, Sr., of Cameron, showed the Council plans for the 24 - unit motel and restaurant to be built on the site once occupied by the Green and former Dossett home.

Johnson sought paving and grade reduction on the site to insure proper drainage of the new motel site.

Johnson estimated the cost of the motel project will be between $275,000 and $300,000.

He said a bulldozer would begin grading work on the site this week.

The Council's resolution also included that city legal requirements must be met in granting the strip of right - of - way to the motel site and that Eanes and Tindall property rights should be considered. The builders will curb and gutter the motel side of North Crockett.

In other action, the Council:

ONE —— Accepted the resignation of Dr. David Shapiro as city health officer. He has moved to Port Arthur to begin practice there.

TWO —— Decided to list names of candidates for the 1962 - City Equalization Board.

THREE —— Accepted a petition for installation of sewerline service on North Austin to the 2000 Block and west on the West Road going to the City Dump grounds.

FOUR —— Read into the minutes a letter from John Henderson, Jr., and Jack Prescott, attorneys representing Robert Scott, owner of the new Preston Royal Theatre, showing what steps had been taken to meet State Fire Requirements in construction of the new 150-seat theatre.

FIVE —— Deferred action on a "peddler's ordinance" now being drawn up by the city legal department.

SIX —— Deferred discussion on a new type of meter demonstrated by Freeman Slocomb, meter manufacturing representative, until after the city election April 3.

SEVEN —— Authorized the purchase of 11 new fire plugs and commended J. B. Earle's department work in improving and beautifying the city cemetery.

'Preston Royal' Opens Wednesday In Downtown Area

The Preston Royal Theatre opened for its first showing Wednesday in downtown Cameron.

First showing in the new theatre is a four - hour epic, "Ben-Hur" which will continue through February 12, owner Robert Scott said.

Workmen finished painting and decorating the compact new theatre Wednesday for the opening night. The former downtown Cameron theatre, the Milam, burned in July 1961.

The front of the building is decorated in natural finish wood with a planter between the slanting front wall and ticket booth.

The interior of the theatre faces the street, with the screen on the west side of the building. A hallway runs the length of the compact theatre auditorium. It is decorated with lanterns hanging from the side wall.

Theatre seats were installed in the inclined floor theatre. The projection booth and office are in the rear of the building. Exits go into the hallway and out the front of the building.

Milam District Court officials Wednesday were notified that a settlement had been reached between Scott and Commercial Standard Fire & Marine Co., insurers of the Milam Theatre.

Boy Scout Drive To Be Renewed

H. H. Pruitt, Cameron Boy Scout Drive chairman, has announced a Cleansweep Drive starting February 13 for an all out effort to raise the $2,000 which was earlier established as the goal for Cameron Boy Scout work.

To date less than $1,000 has been turned in. A breakfast at the Texan Cafe 7 a. m. Tuesday will kick off the drive for funds.

MY VALENTINE —— February 14 is a day for cards and candies and remembering the times you didn't remember.

But there was a time when a girl took Valentine's Day as a period for serious husband hunting.

She might start out at midnight by circling the church 12 times and repeating the rhyme, "I sow hempseed, hempseed I sow, he that loves me best, come after me now."

If no one did, she could still hope to see her true valentine in her dreams. Of course, the story goes, she first took the precaution of pinning five bay leaves to her pillow, one to each corner and one in the center.

For the male on Valentine's Day, history says the young man wore his heart on his sleeve. Men chose their valentines by drawing slips of paper with names from a vase. Each man then wore the paper with his lady's name on his sleeve for several days.

Prescott Reviews Trials In 1961

Dist - County Atty. Jack Prescott this week noted in a review of 1961 that 30 criminal cases were conducted in District Court and 84 cases in County Court.

In a report on his first year in office, Prescott reported that 28 District criminal cases were conducted by his office without jury and two with jury.

In County Court, Prescott noted that 71 criminal cases were prosecuted and 13 others were processed with dismissals or charges reduced to lesser offenses.

The County - District Attorney noted there were four cases pending on the criminal docket as of Dec. 31, 1961, in District Court and 25 cases pending on the criminal docket in County Court.

In 1960, Prescott noted, 12 cases were prosecuted without jury and 28 were dismissed by the District-County Attorney's office.

Milam Justice of the Peace Courts, with eight in the County, completed more than 1,200 criminal cases with assistance provided by the County Attorney's office in many of the cases, Prescott reported.

And fees collected by Prescott's office totaled $14,232.71 going in the county treasury for use in the officers salary fund.

Prescott noted that District Court criminal cases included: four assault with intent to murder cases, one murder case, one murder without malice, four robbery by assault cases, two felony theft cases and 15 burglary cases.

In County Court cases, they included: 10 cases of unlawfully carrying a pistol, 49 cases of driving while intoxicated, four aggrevated assault cases and five liquor law violations.

Sentences ranging from two year suspended sentences to 40 years in the penitentiary were imposed in the District Court criminal cases. Convictions were obtained in 71 County criminal docket cases during 1961.

REPORTABLE DISEASES

Reportable Diseases in Milam County for the week ending February 3, 1962 were 33 strep throat and 1 tuberculosis, according to Dr. T. E. Crump, acting director of the Milam County Health Department.

Feb. 20 Deadline For McCullin Civic Award Nominations

Letters and nomination forms have been sent to all civic clubs and churches to submitt nominees for the 1961 McCullin Civic Award by the Cameron Chamber of Commerce office.

Individuals wishing to submit a nomination may secure forms at the Chamber office. Chamber officials have set February 20 as the deadline for nominations.

Each year this award is presented to some citizen of Cameron for their contribution to the spiritual life of the community, influence for the good of youth and contribution to civic, cultural and commercial life of the town.

The past two recipients of the award, along with the Chamber of Commerce and the Business & Professional Women's Club have been entrusted with the responsibility of selecting an outstanding citizen to receive the award from the nominations presented.

Wildcat Well Due In Sharp Area; 3,000 - Foot Test

A new wildcat is scheduled for the western part of Milam County by two Bartlett operators who filed a notice of intention to drill with the Oil & Gas Division office in San Antonio last week. Express oil editor, Nancy Heard reported in her column last Thursday.

Cherry & Rickey of Bartlett will drill the No. 1 Paul C. Graves located about three miles west of Sharp. The wildcat will be a 3,000 foot test. It is located on a 197 acre lease in the R. Davidson Survey. Site of the well is 400 feet from the southeast line and 1,000 feet from the southerly southwest line of the lease.

'62 Auto Plates Available Feb. 21

Valter White, Milam County Tax Assessor - Collector, notified The Herald this week that 1962 license plates are not available at present because production of the plates at Huntsville State Prison is running behind schedule.

White said that the Texas Highway Department had scheduled plates for delivery at the Courthouse in Milam County on or about February 21. Deadline for changing to 1962 license plates is April 1.

Golf Tournament Scheduled April 24

The Cameron Women's Golf Association will hold an invitational Tournament Tuesday, April 24, it was announced here this week. It will be an 18-hold flite.

Further information about this annual affair will be released at a later date, said Mrs. Coy Arledge, Tournament Chairman.

Burke, Smith File For Posts On School Board

Two candidates have filed for posts on the Cameron Independent School Board, acting Secretary Niley Smith announced this week.

Filing for election were Charlie Burke, Cameron business executive for a first term and Smith, for re - election. Two posts, one held by Smith and the other vacated by the resignation of Dr. David Shapiro, are up for consideration.

No new candidates have filed for city posts, where the incumbent mayor and three councilmen have already filed for re-election.

Filing deadline for the School Board is March 7, 30 days prior to the April 7 election, Smith said. Filing deadline in the City Election is March 3, or 30 days prior to the April 3 city election.

Already filing for re - election to the city council are: Mayor Coleman Duncum, and Councilmen Starrett Hickman, Sam Houston and Roy Griffith.

4 Face Charges For Hot Checks

Weldon Shaefer, 30, Marvin Barker, 37, Alan Davis, 15 and Bobby Joe Gentile, 18, are in Milam County Jail following arrests last week by Sheriff Carl Black on charges of check forgery.

All four suspects are from Bell County.

Checks totaling $82 with the forged signature of W. C. Keith, Cameron rancher, were passed at Mondrik's Minimax, Wied Hardware, Schiller Motors and Billips Service Station.

WEATHER NOTES

February thus far is warm and dry. Official weather figures from Cameron Water Dept. show a high of 79 and a low of 32 in the past seven days. No rain fell.

The junior team second row, from left: Pat Wallace, Dennis Jistel and Calvin Shenkir, Jr. The junior team won third in the same contest.

30 File By Deadline

Few Contests Develop

Thirty candidates have filed for a place on the May 5 Milam Democratic ballot with six posts being contested, Milam Democratic Secretary Max McClaren announced this week.

Only one county - wide race for county treasurer, is opposed while posts for state representative and state senator have opposition candidates.

Precinct races have developed for Commissioner, Precinct 4 and Justice Precinct 1.

McClaren said the 30-candidate total was least number to file in a primary in the past two decades. Filing deadline was midnight February 5.

NEW CANDIDATE

Newly announced candidate for county treasurer is Vera Fisher Shafer, who opposes incumbent Mrs. Ida Johns. Mrs. Johns has served 10 years. Mrs. Shafer once held the post in the early 1950's, McClaren noted.

Jess Thompson, of Rockdale is a third candidate in the race for state senator of Milam-Bell-McLennan Counties. Already announced are Murray Watson, of Mart, and Frank B. McGregor of Waco.

A third candidate has filed for Precinct 4 Commissioner. He is Frank Felton, of Thorndale. Incumbent R. H. McCasland also is opposed by C. L. Yount, a former commissioner from that precinct.

The state representative's race for District 45 now formed by Milam, Robertson and Burleson Counties, has incumbent Herman Yezak, serivng his ninth term now, facing Milton Schiller, Cameron businessman, for the enlarged district seat.

In the precinct 1 justice race, incumbent B. G. Rice, seeking re - election, faces two opponents, Jess Brock and W. E. Braden.

All other Precinct JP races are unopposed.

Major posts going unopposed start with the 11th Congressional District post held by W. R. Poage, and continue through one district and several county - wide and precinct offices.

UNOPPOSED OFFICES

Unopposed County and district posts held by incumbents seeking re - election are: County Judge, Don G. Humble; county clerk, Wayne B. Wieser; county superintendent, H. D. Maxwell; and district clerk, Grady Allen.

Precinct 2 Commissioner LaVert McKinney is unopposed as are seven of justice precinct candidates.

Justice candidates are: Precinct 2, John Thweatt; Precinct 3, Jim Swanzy; Precinct 4, Leonard Allen; Precinct 5, L. N. McDonald; Precinct 6, Paul Sakewitz; Precinct 7, Frank Jekel and Precinct 8, E. C. Hoppe.

McClaren said that Swanzy and Jekel are candidates for the first time as are Brock and Braden in the Precinct 1 JP race.

The Milam secretary said that filing fee deadline for candidates is Saturday, February 17. Each candidates will be notified of assessments, he said.

'Farm Bureau Week' Proclaimed Feb. 4-10 By Gov. Daniel

AUSTIN — Gov. Price Daniel has proclaimed the week of Feb. 4-10 "Farm Bureau Week" in Texas and has called upon citizens of the state to cooperate in the recognition and observance of the week "to publicize this important phase of our life."

Membership drive activities by county Farm Bureaus over the state are being concentrated during the special week, according to Millard Shivers of Waco, Texas Farm Bureau organization director.

The TFB, largest farm organization in the state and fourth largest in the nation, had 82,362 members in 1961. Objective of this year's membership drive activities is to reach a new record in membership for the tenth consecutive year.

In his proclamation, Gov. Daniel described agriculture as "Vital to the economic well - being of our State and Nation," and pointed out that more than one - third of all people in Texas derive their livelihood directly or indirectly from agriculture.

"The abundance of food and fiber, produced even more economically by an increasingly efficient agricultural industry, helps assure our citizens of the highest standard of living in the world," he declared.

State Funds Sent Commission For US 77 Payments

AUSTIN — A check for $3,407.29 for right of way payment was sent to Milam County today by the Texas Highway Department.

The sum forwarded is partical payment for the state's share of the cost of the land needed on US. 77, between a point 1.0 mile south of Rockdale and Lee County line.

The check will be transmitted by District Engineer C. B. Thomes of Bryan to the Milam County Commissioners Court.

While county and state share the cost of the right of way, the Texas Highway Department bears the cost of title insurance and pays the entire cost of appraisal work ordered by the Department. Checks for these items have already been forwarded from the Texas Highway Department to the parties concerned.

Draft Boards To Continue Testing

AUSTIN — Draft boards will continue to use class standing and Selective Service college qualification test scores in considering student deferments despite the fact these criteria have been removed from the draft regulations.

This was pointed out here Friday by Colonel Morris S. Schwartz, state Selective Service director, while discussing recent regulatory changes in the draft.

"The draft test scores and class standings for college students, heretofore spelled out in detail in the regulation, have never been binding on draft boards," he explained. "The removal of the criteria from the regulations emphasizes their advisory nature."

IS THE BIBLE IN *YOUR* HOME?

WHY THE smiles here? Did daddy ask a question that no one could answer? Or did Johnny *say* something that caused a bit of mirth? The point is that the entire family has a part in "Bible discussion", and the moments spent in "Daily Devotion" are happy and wholesome.

DO YOU know that the Bible is *interesting?* Note how Johnny leans forward in eagerness as Daddy reads from the *one* Book which contains the answer to *every* question and problem of life. No wonder that a *king* once said, "Thy word is a lamp unto my feet and a light unto my path", and no wonder that this king, by God's guidance, was great.

PRESENTLY, THERE comes the all-important moment when every head and every heart is reverently bowed and each prays a sentence prayer or two, and all dedicate their lives anew "this day" to God and His perfect will. Then, everybody is "off to school and off to work," and there is wisdom and strength for all the day.

IS IT surprising that from this home already have gone two sons and a daughter, each of whom are "away at school", not "getting an education" merely, but preparing for the work to which God has called them?

Many are the homes in America that need to make sure that the Bible is not in the house only, but in the *home!*

Mother, father, son, daughter, won't you do *your* part to see that it is in *your* home? The time to do it is *now!*

"In all thy ways acknowledge Him, and He shall direct thy paths." Proverbs 3:6

Above are members of the Harry Pesnell family. From left to right, the father, Harry; son Johnny; Mrs. Pesnell, Wynann, and June. The two sons and daughter away at school are Tommy, studying for the ministry; Jimmy, preparing to be a medical missionary; and Joyce, who also is preparing for special service.

The Pesnells live at 1715 E. 32nd, Austin, Texas. They modestly permitted these "camera glimpses", which are typical of their daily family worship over a period of 25 years, with the hope that it might be an inspiration for other homes.

McKinney Asks For Re - Election To County Office

LaVert "Bert" McKinney, 45, of Cameron, a native Milam Countian, has announced his candidacy for re - election to the office of county commissioner, Precinct 2, subject to action of the Democratic Primary May 5.

McKinney was born in Jones Prairie where he received his early schooling. He graduated from Yoe High School in 1933.

McKinney is married to the former Emma Julia Akers of Cameron. Mr. and Mrs. McKinney have two sons, Mack 14, and Jack 12.

After serving four years in the U. S. Army part of that time with the 104th Infantry Division in Europe, McKinney returned to Milam County.

He is now a member of the American Legion Edwin Hardy Post No. 9 and the First Baptist Church in Cameron.

"If re - elected, I will devote my full time and energy as I have in the past three years," McKinney said in his announcement. "I will continue to serve each individual and community to the utmost of my ability with honesty and fairness to all."

"Your support and co - operation during my past three years as your Precinct 2 commissioner is greatly appreciated. And your vote and support will certainly be appreciated," McKinney concluded.

Wayne Wieser Announces For Clerk Re-Election

Wayne B. Wieser, county clerk of Milam County, announces this week that he is a candidate for a second term in this office, subject to the action of the Democratic Primary May 5.

Wieser is just completing his first term in this office, having been elected in 1958. "I want to thank the peiple of Milam county for the wonderful support they gave me in the election in 1958 and also for the help and co - operation they have given me since I have been in office," Wieser said.

His friends point out that he has given a young and vigorous administration to the office of county clerk. 'I try my best, and will continue to give the people of Milam county the very best service possible." the county clerk said.

Wieser was born and raised between Burlington and Rosebud, attended high school in Rosebud, and later attended Blinn college, Brenham, and Sam Houston State College at Huntsville. His education, however, was interrupted by World War II when he served two years in the air force.

He served about five years as city secretary at Cameron before being elected to his present office.

Wieser said he hoped he had conducted the affairs of the office to the satisfaction of everyone concerned, and pledged a continuation of the same honest and conscientious service in the future.

Married to the former Miss Willie Mae Folschinsky of Ben Arnold Wieser is the father of one child, an 11-year old daughter, Charm Wieser. They make their home in Cameron, and both Mrs. Wieser and Charm join him in expressing their thanks to the voters of Milam County.

Mrs. Vera Shafer Announces For Treasurer Office

Vera Fisher Shafer, life long resident of the Hanover community, announced today that she is a candidate for County Treasurer of Milam County at the Democratic Primary in May.

Mrs. Shafer, then known as Vera Fisher, served as County Treasurer of Milam County from 1949 through 1952.

In making her announcement Mrs. Shafer states that she intends to campaign actively throughout the County and that she seeks the vote and support of all the voters. "I solicit your vote as a loyal Democrat, and I pledge to you that if I am elected your County Treasurer I will carry out the duties of the office efficiently, honestly and courteously," Mrs. Shafer said.

H. D. Maxwell Again Seeks Post As County Supt.

H. D. (Farmer) Maxwell announces this week that he is a candidate for a second term as county superintendent of schools of Milam county. The primary election will be held May 5.

Maxwell is now serving in the latter part of his first elective 4-year term, having been named county superintendent in 1958. He is asking for the Democratic second term, and in so doing says he wants to thank all the voters of Milam county for the support and co - operation given him during the campaign, and during the time he has been in office.

"I have had wonderful co - operation from the school superintendent and all school officials throughout Milam County and at this time I want to thank them for this support and the fine way in which they have worked with my office," Maxwell said.

"The fact that I do not have an opponent leads me to believe that the people have confidence in me; and for this I am grateful," He said he would appreciate the continued support and co-operation of the people of Milam county. "I hope you will all call on me any time I may be of service to you or your community," the county superintendent said.

B. G. Rice Seeks Re - Election For Judge On May 5

B. G. Rice, of Cameron, incumbent justice of Precinct 1, has announced for re - election as judge of Justice Court subject to the Democratic Primary May 5.

"I certainly appreciate my friends who have always supported me. And I am announcing that I have to stay in my office part of the time to look after my duties and will not get a chance to visit with each one of my friends," Rice said.

He assured voters that if elected, "I'll still give the same kind of service I have given the public. And I will appreciate all you can do for me."

DAR To Present History Award

The Sara McCalla Chapter, DAR will present an award to the outstanding history student at Yoe High School this month in observance of the National Societies American History Month.

Purpose of American History Month is to better acquaint old and young Americans with our rich heritage which is full of heroism and greatness.

"To pay our debt to the past and to understand our obligations to the future, Americans must remember that freedom is not free, and that it came about through the sacrifice, preservence, wisdom and great faith of our forefathers. If we are to preserve our freedom, we must underastand our heritage and be inspired by it."

RECORD KEEPING

Good farm records are essential for a successful operation, Cecil Parker, extension farm management specialist, says records provide the proof of past performance, as well as an indication of the potential of a given farm.

The new size Dodge Dart has the most powerful standard six engine in the business. It develops 145 horsepower from 225 cubic inches. It takes a V8 in other cars priced near Dart to keep up with it. Even then most of them can't. Dead weight and useless overhang have been all but eliminated in the '62 Dart. What results is an astonishing power-to-weight ratio that makes a Dart-6 act like an eight. And remember, this is the same six that got better than 23 miles to the gallon in last year's Mobilgas Economy Run. Frankly, we don't think anybody but a pro can get this kind of mileage. But it does give you an idea of the engine's potential. Repeated tests in the new size Dart prove that it will deliver at least 5% better gas economy than last year. See your Dodge Dealer now and drive the new size Dodge Dart. There's no better value on the market today.

DAR Awards 5 Good Citizen Pins

Good Citizen Pins were presented to Marion Pack of Buckholts; Lannette Lafferre, Cameron; Shirley Woods, Milano; and Rita Albright of Rockdale by the Sara McCalla Chapter of the Daughters of the American Revolution at their meeting Thursday in the home of Mrs. A. J. Mondrik.

Anita Marie Weaver winner from Thorndale, could not be present.

The students, all seniors, were selected by their class and faculty on the basis of dependability, leadership, service and patriotism. Each girl submitted an essay on "A Republic -- if You Can Keep It" which will be entered for state and National competition.

Mothers of the honor students were guests for the presentation.

The Chapter, led by Mrs. Graham Gillis, opened the meeting with the giving of the pledge to the Flag and the Americans' Creed

After welcoming the guests, Mrs. Gillis discussed the purpose and meaning of the Good Citizen Contest and presented the awarding pins afterwhich the winners read their essays.

Refreshments were served by the hostess at the conclusion of the program.

Trustee Election Set For April 7 In Rogers School

ROGERS — In the regular monthly meeting Thursday night, the Rogers School Board ordered a trustee election to be held in the High School library April 7 from 8 a. m. to 7 p. m.

The terms of the following three trustees expire this spring: C. O. Gunter, Anton Necas, D. D. "Doddy Ward who was appointed in 1961 to fill the unexpired term of Charley Bartek, resigned.

All three trustees, Gunter, Necas and Ward filed to run for re-election on April 7 for three year terms.

Candidates for school trustee in the Rogers district must file for the office with Clayton Clowers, Board Secretary, or in the office of the superintendent by March 7, which is the state required 30 days before the election. The applicant shall have his written application endorsed by five eligible voters of the school district.

In other action, the Board approved the following make - up days for days missed during the January ice weather (four days were missed, but there were two extra days already in the school calendar and therefore only two must be made up) Easter Monday April 23 will be a school day instead of a holiday; School will be extended one day at the end and insead of closing out on May 24 as previously scheduled, school will be out May 25.

Supt. B. F. Harbour reported to the Board that the Texas Education Agency in a recent communication said an ADA formula would be provided to help schools that were hurt by the January weather conditions.

Common Errors In Filing Income Tax

Taxpayers in this area are making four "all - too - common" errors in their tax returns, according to administrative officer, A. P. Andrews, if Internal Revenue Service, Temple. These are:

"Failure to print or write legibly, forgetting to sign, not reporting all income, and mistakes in arithmetic."

The administrative officer continues, "Three out of ten taxpayers who make major arithmetic errors pay too much tax, or select the wrong tax from the tax table.

"Unreported income often stems from bank - bearing interest; taxpayers with time deposits frequently overlook the bank credits to their account. Also, we find taxpayers forgetting that some of the money received when they cash Series "E" bonds is interest income, if the bond has reached interest - bearing life.

SS Beneficiaries Should File Report

Most social security beneficiaries whose earnings exceed $1200 for the year are required to file a report with the Social Security Administration within three and one - half months after the close of the year, Durelle L. Allen, manager of the Temple Social Security Office, advised today.

Allen explained that this means a report is required by April 15 for each beneficiary under age 72 who had total earnings for 1961 of over $1200. The report is not required from beneficiaries who were over age 72 all months of 1961. Earnings all through the year in which 72 is reached can affect benefits and a report is required for the year in which age 72 is reached if the yearly earnings exceed $1200.

Last Rites Scheduled Today For Publisher J. R. Killgore

Funeral services for J. R. Killgore, Rosebud postmaster and publisher of the Rosebud News, will be at 4 p. m. Thursday at the First Baptist Church in Rosebud.

Killgore, 58, died in New York City Sunday morning of an apparent heart attack. He and his wife had gone to New York for a short pleasure trip and were to leave Sunday for Washington, D. C., where Killgore was to attend a meeting of the National Association of Postmasters. He was a member of the executive committee of the Association and a past president of the Texas Chapter.

Born in Coolidge, he was a 1924 graduate of Baylor University where he studied journalism and worked on the campus newspaper as advertising and circulation manager.

After purchasing the Rosebud News on May 1, 1929, Killgore began a successful drive in Rosebud to place "a rosebush in every yard." His feat was published in "Ripley's Believe It or Not."

On June 1, 1939, he became Rosebud postmaster and had held the position since that time.

Active in the Falls County Democratic organization, he was instrumental in bringing Secretary of Agriculture Orville Freeman to Rosebud to speak last year.

He was immediate past president of the Rosebud Chamber of Commerce and past president of the Rosebud Lions Club.

Killgore was a member of the First Baptist Church and had served as Sunday School Superintendent for many years. He and his wife donated chimes for the church about 10 years ago.

In addition to his wife, the former Vivian Blaine, and two sons, John R. Killgore Jr. and Jack Killgore of Rosebud, he is survived by two sisters, Miss Lottie Killgore and Mrs. Grace Larson, both of Fort Worth and four grandchildren.

The family has requested that any memorials be made in the form of contributions to the Baylor scholarship fund.

Dr. Aaron Baxter Hired By TP&L For Soil Study

Dr. Aaron Baxter has been employed by Texas Power & Light Company to promote soil fertility on farms in the TP&L 52-county service area, W. W. Lynch, president of the Company reported.

Dr. Baxter has been named as rural development specialist in agronomy and will work closely with agriculture committees of chambers of commerce, farm organizations, and in the newly organized Blackland Cash Income Program.

He will assist communitities in developing soil fertility programs, and where local groups have already selected projects, Dr. Baxter will help carry them out on a community and county basis.

On the farm demonstrations will also be carried out in selected counties with individual farmers, and TP&L in conjunction with the local groups, will develop plans to interest other farmers and groups in the results of the demonstration.

Dr. Baxter is the third rural development specialist employed by TP&L in recent months to help farmers increase their income. He is a native of Alabama and is a graduate of Auburn University and Ohio State University. He served the U. S. Army during World War II and after the war he was part of a management partnership for a group of 17 farms in Ohio.

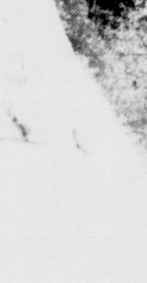
HEARING CLINIC Set For Cameron

Mr. Treadway, who is an Audiotician, will hold his regular Hearing Clinic at the Cameron Hotel in Cameron, Thursday, Feb. 13th from 10 a. m. to 1 p. m.

Good hearing is important. Be sure you get only custom made Prescription fitting. (It costs no more) Our Audioticians are trained in all types of hearing loss and NOT just as Hearing Aid Salesmen. We hold our regular Hearing Clinic (Rain or shine) to give you the service after you are fitted. A test with the MAICO AUDIOMETER (Used by 90 per cent of Doctors and Hospitals) will give you a complete understanding as to your hearing loss and what can be done about it. (The test costs you nothing.)



Feel free to come in and sit down and talk over your hearing problems without having someone trying to high-pressure you into buying something you don't need, or that is misfitted.

If you are unable to come into the clinic, (Cameron Hotel) call and we will come to your home, or you may write us at the Waco office.

If you wear a Hearing Aid and it needs service, bring it in. We do repair service and have batteries for all makes of Hearing Aids.

MAICO HEARING AIDS FOR THOSE THAT HEAR BUT DON'T UNDERSTAND.

Governor's Race Crowded . . .

People can expect to see a lot of gubernatorial candidates in the next three months. As filing flurries ended, the Democrats found six candidates, the Republicans three.

Political observers are already comparing the campaign prospects with those of 1946 when the last wide - open drive for the governor's mansion develped.

Those filing on the Democratic ledger are:

John Connally, former Secretary of the Navy.

Price Daniel, incumbent governor.

Marshall Formby, former chairman of the Texas Highway Commission.

Edwin A. Walker, former major - general in the U. S. Army.

Will Wilson, incumbent attorney - general of Texas.

Don Yarborough, 1960 candidate for lieutenant governor.

Add to that lineup newly declared Republican Jack Cox, 1960 gubernatorial candidate, and there are prospects for a wide - open campaign. Two other Republican candidates also filed before the February 5 deadline. They are: Roy Whittenburg and Harry R. Diehl.

So both parties are going to have primary battles.

These developments presage a movement not only to two - party possibility on the state level, but a new direction for Texas in general. With that much competition for the top spot, we can expect to see some major legislation changes and enlargement of Texas' promotion in the national arena.

Laneport Now Appears Certainty

The final reviewing authority in Washington has approved the Laneport Dam project, following recommendations of the Army Corps of Engineers.

Three Central Texas congressmen and a Georgetown leader, signed an agreement, urging the construction of dams north of Georgetown on North and South Forks of the Gabriel River. Agreeing to urge the dam projects were Congressmen Homer Thornberry, Olin Teague and W. R. Poage along with Owen W. Sherrill, of Georgetown.

Williamson County petitioners had protested the Laneport Project late in 1961, basing their objections on the projected loss of valuable farmland at the Laneport site. In their stead, Williamson County spokesmen wanted the smaller dams above Georgetown or immediate starts on a series of small structures in the San Gabriel Flood Prevention District.

Only step prior to actual construction on Laneport is federal approriation of the $24 millions for construction and another $15 millions when the North and South Gabriel dams above Georgetown are built.

It has been some 16 years since the Laneport project was put forward. And now it seems certain that the 5,000-acre lake and 329,000 - acre - foot storage facility will be built.

Yes, Sir, a gubernatorial year.

PINE FARMING

East Texas farmers can put idle farm acres to profitable work by planting them in pine trees. Bill Smith, extension forester, says pine seedlings are available from the Texas Forest Service at a small cost. See your local county agent for more information and order blanks.

Mr. and Mrs. George Griffen and children and Miss Inez Dodd of Ft. Worth were weekend guests of their mother Mrs. V. D. Dodd and other relatives.

LITTLE RIVER PHILOSOPHER

Philosopher Claims Weather Has To Be Exactly Right For Both Orbiting and Farming

Dear editar:

Like nearly everybody else, I was glued to a television set watching preparations for launching a man into orbit around the earth and like everybody else I too was disappointed when the launching had to be postponed.

I was talking later with a man in town and he said, "Aw, I don't understand it, why should a few clouds get in the way when he's going to be orbiting above them anyway"

It's pretty clear that that man doesn't understand the intricacies of space launchings or farming either.

I don't know whether you're aware of it or not, but launching a man into space is almost exactly like farming -- the weather has got to be just right before you tackle it. It can be too cloudy to orbit the earth just as it can be too wet to plow; or too windy to fish.

Even if the weather is right, that's not the whole answer. On a bright, sunny day, a leak in a fuel line can stop Col. Glenn from orbiting and me from farming, and I think everybody ought to come to a fuller appreciation of the complex difficulties of both these enterprises.

If a man is all set to orbit the earth or cultivate its surface, he's got to be philosophic about the situation and not rush into either unless everything is exactly right. Col. Glenn, as far as I'm concerned, expressed a sound philosophy toward both orbiting and farming when he crawled back out of his space cabin after the flight was postponed and said: "If not today, some other time. What's the rush?"

Col. Glenn, you're welcome to visit this Johnson grass farm any time you want to.

People have got to understand that it's impossible to say: "Next Thursday at 9 a. m. sharp we'll put one man into orbit and two million farmers to plowing."

Us space and farming technicians have learned long ago that things don't work that way, and I'll be glad when the rest of you laymen learn it too.

Yours faithfully,
J. A.

Texas Highway Commission Praises New Bill

AUSTIN — The Texas Highway Commission today praised the new Farm to Market Road Bill as a "constructive piece of legislation" and announced that the bill will pave the way for an eventual 15,000 mile increase in total Farm Road mileage in the State.

"The establishment by the Legislature, through this legislation, of a longrange maintenance prograf for Farm Roads will make increased new mileage possible," said Herbert C. Petry, Jr., Chairman of the Highway Commission. "The Texas Highway Commission," he said, "has this day passed a Commission Minute Order expanding the objectives of the Department from the present 35,000 mile system of Farm to Market Roads to a 50,000 miles system." It was pointed out that this is in accordance with the agreement made by the Highway Commission to all of the interested road development groups to coordinate with the new legislation. "The increased mileage will be developed over a period of years, logically balanced among the various areas of the state," Petry said. "Such a system of roads will be selected for the over - all benefit of the road system and the areas involved and with the objective of developing all areas of the State up to the 50,000 mile system as uniformly as possible."

A total of 34,924 miles of Farm to Market Roads have already been designated.

"We are confident that we can secure under the new Farm to Market Road Bill more miles of newly designated Farm Roads than we have been getting in recent years," he said.

Chairman Petry added, "This will have the effect of relieveing the growing pressure on the funds available for Primary Highways and urban traffic facilities. These funds have heretofore borne the total burden of maintenance of the Farm to Market Roads. The new law provides a separate maintenance program for these roads, thereby relieving the tension on the Primary Highway Fund, in which a deficiency has long prevailed."

Two Problems Left Unfinished

By Vern Sanford

AUSTIN — A hectic final night ended the special session of the Texas Legislature. Two major problems -- loan regulation and appropriations -- were left unfinished.

Senate killed the loan regulatory bill by a two - vote margin, after the House had approved it by 18 votes. It was described by experts as the strongest loan regulatory law in the nation.

Death came to the appropriation bill in the House. It would have provided money to advertise for tourists, repair San Jacinto Monument, repair damages done to state properties by Hurricane Carla and by fires, pay Senate employees, and finance a number of other items.

Gov. Price Daniel called it a very productive session, nevertheless.

He said it had settled two long-standing issues -- bank escheat reporting and farm - to - market road policy.

Daniel was disappointed about the failure of the loan legislation, tourist advertising and San Jacinto Monument repairs. But he said he would not call this Legislature back into session in the foreseeable future.

Lawmakers headed for home to file for re - election and begin their campaigns for the same or other offices.

This session set some sort of record for fast action on bills to solve local problems. These ranged from closing the season on alligators in Orange County, to a score of bills creating new water districts (to undertake drainage, hurricane protection or water supply projects).

Daniel was pleased at the bill changing the name of the State Board of Water Engineers to the Texas Water Commission, and reworking it into an image of the State Highway Commission. The chief engineer takes over full administrative control, leaving policy matters in the hands of the three - member commission.

Governor Daniel studied a flood of mail, telegrams and phone calls, which he had elicited, and decided that there was a definite public demand for him to try to become Texas' first four-term governor.

WHO SHOULD CENSOR?

Question of school book censorship was buffeted about by 22 witnesses, when the House Textbook Investigating Committee held its fourth weekly public hearing.

Some 200 persons attended the hearing.

Frank Wardlaw, director of the University of Texas Press, said, "There are no men wise enough to serve as censors." He stated that he would prefer that his children's testbooks be censored by authoriative professors, rather than by unqualified individuals.

Author J. Frank Dobie said "The more textbooks are censored, the weaker they become."

The opinion that regulation of teaching materials by elected trustees has worked satisfactorily was expressed by former Baylor University trustee Joseph M. Dawson.

Other witnesses, such as Mrs. A. A. Forester of Texarkana, Richard L. Harvey of Tyler and M. F. Gabler of Hawkins, criticized the Board of Education's formuln for censorship. They said they firmly believe that modern testbooks fail to instill a sense of patriotism and love of country.

Committee will hold another hearing February 9.

NAMES IN THE HAT

With the special session of the Texas Legislature ended, candidates for state offices quickly grabbed the spotlight.

Most surprising announcement was the filing of former Gen. Edwin A. Walker as a Democratic candidate for governor.

Then came Gov. Price Daniel's statement that he would seek re-election to a fourth term as governor.

Land Commissioner Jerry Sadler predicted that Daniel would run again, and cancelled his tentative plans to seek that post. Instead, he announced for re - election.

Attorney General Will Wilson said failure of the loan shark bill to pass was the determining point in his decision to file as candidate for governor.

John Connally, already actively campaigning for the office of governor, came to Austin to pay his $1,000 filing fee and left immediately on a flying organizational trip to West Texas.

Gubernatorial candidate Marshall Formby opened state headquarters in Austin. He appointed Dr. James B. Ray of Austin, Wendell Gambill, Dr. Joe Webb and Clint Formby to organize his campaign.

Don Yarborough, Houston attorney, paid Austin a visit to announce his candidacy for governor.

News About Milam Farmers, Their Interests, And Activities

COTTON REPORT

Harvest was in the scrapping stage with mild, clear weather prevailing. Producers offered current ginnings freely. Trading in the spot markets was slower. Spot prices were generally steady. Shipper buying was selective. Domestic mill demand slackened. Foreign interest continued good. Moisture was needed iin South Texas.

Middling 1" cotton prices were firm this week quoted Thursday, February 1, at 33.50 cents in Dallas, 33.40 cents in Galveston, 33.25 cents in Houston and 33.00 cents in Lubbock, unchanged from a week ago. Some of the discounts widened in the Lubbock market during the week. Scrapping of this season's crop was nearing a completion in all sections. Producers continued to offer late ginnings freely and the larger percent entered trade channels. Buyer demand was slower, however, and country market prices eased off slightly for some qualities. During the same period January 19-26, loan entries in Texas totaled 90,251 bales and in Oklahoma 752 bales. Repayments during the same period totaled 24,941 bales in Texas. Shipper demand was generally slower. Buying was selective and mainly for the qualities needed for present requirements. The lower Micronaire remained in best demand with the available free supply limited.

Domestic mill interest was slower this week. Inquiries were not as numerous. Purchases were small to moderate in volume for delivery up into early summer months. Bidding prices continued to curtail sales which were mostly of the lower grades in staples 1" and shorter. Foreign demand continued very good. Inquiries were fairly numerous with prices limiting purchases to a small volume, some of which were western growths.

Farm activities made good progress this week with favorable weather prevailing. Land preparation was under way in the late cotton harvesting areas. Much needed moisture fell in parts of the area early in the week. In the Valley area producers continued preplanting irrigation. Seed beds were made ready for planting. Because of the recent low temperatures very few producers were expected to start planting prior to around the 10th of the month. In the Coastal Bend area fields were in good state of cultivation, moisture was needed in all counties.

Milam ASCS Report

By Milam County ASCS

During the next few months, grain farmers will be urged to "continue to do in '62 what you've begun in '61", according to Alva E. Sanders, Manager of the Agricultural Stabilization and Conservation Service office in Milam County. The reference is to the 1961 feed grain program, which program workers hope to duplicate this year. The advice also is the title of a program leaflet which will be distributed to feed grain growers throughout the County.

The signup date for Milam County will extend through March 30 and the beginning date will be announced in the next few days.

The manager listed the following principal features of the 1962 corn and grain sorgum program. (1) Voluntary participation; (2) diversion of not less than 20 per cent of the base acreage of corn and grain sorghum (1959-60 average), as adjusted; (3) compliance with the farm's barley feed grain base; (4) compliance with the corn and grain sorghum base and the barley base for any other farm on which the producer shares in the crops; (5) payments -- based on yields and support prices--to be made on acreage diverted from feed grains to soil - conserving uses; (6) advance payments -- up to about half of the total amount--made at signup time; (7) price support on the normal production of corn, grain sorghum, and barley and on oats and rye to be received only by cooperators in the feed grain program.

Sanders emphasized that growers must file an application to take part in the program and then must comply with the program's provisions in order to receive the benefits the program offers. Farmers growing the grains who do not sign up and participate in the program will not be eligible for price support on their 1962-crop feed grains.

Dennis Jistel In San Antonio Showing

Dennis Jistel of Cameron has entered in the Calf Scramble Contest of the 13th Annual San Antonio Stock Show and Rodeo, Feb. 9-18th, at the Joe Freeman Coliseum, according to Leon Kahanek, Chairman of the Calf Scramble Committee.

Jistel is entered in the 2 p. m. performance Feb. 11.

County Agents Notes

Spray Trees With Dormant Spray

By J. D. Moore
Milam County Agent

Insect and disease control is important in the production of fruits and nuts. Health and vigor of trees and quality of fruit depend on a well - planned and well - executed control program. Losses due to insects and disease can be reduced by carrying through a spray program and diligently following good orchard management practices.

Most dormant spays are basically an oil spray. This controls scale and scab insects. Directions are on the label for proper amounts to use. Information for following a complete spray program is available at the county extension office.

Research entomologist report excellent results in the use of the new spray called SEVIN in controlling insects on fruit trees. Plans should be made to follow a recommended spray program if high quality fruit is desired. Malathion gave good results in preventing worms in peaches last year. This type spray should be applied every 2 weeks after the fruit is set.

Fertilizer is necessary for maintaining the proper health and vigor of all trees. Fertilizer should be applied now by unching holes in the soil to a depth of 6 to 8 inches. This will deep place the fertrilizer to prevent loss and to get the fertilizer down in the action root zone of the tree. Use 2 lbs. of fertilizer for each one inch diameter of the tree trunk. Place the fertilizer in deep holes well distributed under the limb spread of the trees.

Farm Records Essential For Income Success

COLLEGE STATION — Good farm records are essential for a successful operation, says Cecil Parker, extension farm management specilist. Records provide the proof of past performance, and they are an indication of the potential of a given farm, farm manager and the technology used.

Proper records will allow the farmer to compare one enterprise with another and they are very important when the farmer wants to combine enterprises. An analysis of a good set of records will point out the strong and weak point of the business, and they are also handy to have around when it comes time to file income tax.

The type of record book or system you use depends on what you want your records to do for you, says Parker. The minimum record should include an inventory of land, buildings, equipment, livestock and supplies; all expenses grouped by kind; all income received; land use and production of crops and livestock; and a place to summarize the year's operation.

4-H CLUB ACTIVITIES

By Pat. C. Garner
Ass't Milam County Agent

Brent Laywell, member of the County - Wide 4-H Club, placed his Fine Wool lamb second in the Open Show at Ft. Worth Stock Show. Brent also had the 39th place Crossbred lamb in the Junior Show.

Other 4-H members showing lambs at Ft. Worth were Richard Pack, Penny Graves, Susan Abel, Henry Abel, Jr, Madeline McClaren and Randy Graves.

—

The Senior Poultry Judging Team placed First in the 4-H Poultry Judging Contest at the Southwestern Exposition & Fat Stock Show in Ft. Worth, Sunday, February 4th. The Junior team placed third in the same contest.

Senior Team members are Jack Ruzicka, Dwight Fuchs and Don Glaser. The team had a total of 1323 points.

Junior team members are Pat Wallace, Calvin Shenkir, Jr., and Dennis Jistel. The Junior team had a total of 1284 points.

In the individual awards, Pat Wallace had First place with a score 461 points. Calvin Shenkir was second with a score of 458 points. Don Glaser was third with a score of 446 points, Jack Ruzicka was fifth with a score of 442 and Dwight Fuchs was seventh with 435 points.

PLANT DAMAGE

Did you have some ornamental plants damaged by the recent cold weather? If you did, don't be too hasty about pruning them, advises Harlan Smith, extension plant pathologist. He suggests waiting a few weeks until you can make sure which branches and limbs sure which branches and limbs were injured. Then make your pruning cut several inches below the last sign of dead wood.

DAIRY CATTLE

How does a dairy cow react to cold wather: Shannon Carpenter, area dairy specialist at Tyler, says keep them watered and well fed and they'll get along just fine.
